Recognising Competence - international seminar in Lahti, Finland 30.9.2008

Assessment Resources

New tools for assessing prior learning have been developed in an international project Developing Teachers' Evaluation and Assessment Skills (TES). The tools can be used e.g. in careers counselling, in planning education paths or individual study programmes both for native and immigrant adult learners.

The Assessment Resources as well as good practices of several projects will be presented in an international seminar in Lahti, Finland 30.9.2008.

Venue:

Congress Centre Fellmanni
Kirkkokatu 27, Lahti

Free admission.
