

Reflection on previous day's content and work

All participants were asked to come to free, open space in the classroom in which one can move freely. Everyone got a paper plate which was a kind of tool to collect the group's feelings and views.

1. Think about yesterday's working, its contents and ways of working.
2. What are the most meaningful things for you from yesterday?
3. What are the questions you have in your mind or you would like to know more about?
4. Write your thoughts on the paper plate of group members.
